Pracademic (n)

*a political scientist who actively engages
in practical politics*

*My work has always been at the
nexus of the theoretical and applied
worlds. Theory guides application.*

Application informs theory.

Professional Profile

Creative, energetic and capable. Eager to apply political science to real world problems. Excited to take real world experience back to the classroom. The combination has been termed Pracademics.

- Earned tenure teaching Applied Politics at the University of Akron.
- Ten years administrative and research experience in Oklahoma government.
- Active in political science research, writing, teaching and service.
